Comm	ient for planning application wscc/004/20
Application number	WSCC/004/20
Name	MJ Johnson
Address	STONEPARK DRIVE, 15, STONEPARK DRIVE, FOREST ROW, RH18 5DG
Type of Comment	Objection
Comments	The roads leading to the proposed site at Evergreen Farm are country lanes which in places reduce to single lane traffic. This is not a safe or suitable thoroughfare for high numbers of HGV lorries over a prolonged period without it interferring and likely obstructing local traffic on a daily basis. This route is served by the no. 84 bus and also buses from the neighbouring Saint's Hill with their staff and visitor buses. There are multiple blind spots causing regular blockages and jams to vehicles already. Adding 35 HGV lorries a day to this already compromised country lane is very ill advised. The proposal is unsuitable for this residential area (including schools, a nursing home and National Trust Standen House) where noise, disruption and pollution will be raised significantly if it is approved.
