James

As discussed a few weeks ago, this was on EGTC's planning list last night and below are the comments made by EGTC planning committee:

**Recommend Refusal: While the committee still support the work needing to be completed; further reports and the expert information now received, along with the complexity of this application lead to this recommendation. The points in the MSDC objection letter of 18<sup>th</sup> February 2020 are supported by this committee along with the travel routes being contrary to EG11 of the EGNP. The routes passing through residential areas are not ideal and should be resisted. The traffic plan should this be approved should utilise smaller lorries, avoid built up areas, bus route timetables and find other routes to remove the waste.**

With kind regards  
Kirstie
