| Name | Roxana Hooton |
| Address | 3A MILL COTTAGES, DUNNINGS ROAD, DUNNINGS ROAD, EAST GRINSTEAD, RH19 4AN |
| Type of Comment | Objection |
| Comments | I object on the basis of additional HGV traffic that would be associated with this project's completion. Dunnings Road is already a busy road, with a speed limit that's not always observed and no pedestrian crossings despite it being a route school children need to cross at different points. I live in a private lane off of Dunnings Road and any lorries which go past are already very noisy & the road surface has deteriorated considerably over the last 2 years. The increased HGV traffic will result in considerably more noise, pollution and also congestion outside the post office where lots of people park & the road is therefore made narrower. The road is also very narrow where the site is and already quite dangerous as it's difficult to see traffic coming the other way until you're on it, due to the bend and high rock walls - HGVs will increase the danger of this point of the road. |
