Comn	nent for planning application WSCC/004/20
Application number	WSCC/004/20

Address	THE MEADS, 13, THE MEADS, EAST GRINSTEAD, RH19 4DF
Type of Comment	Objection
Comments	I strongly object to this application, on a safety issue. I use West Hoathly Road on a regular basis. It simply isn't a big enough road to safely handle the size and quantity of trucks that will be involved. The Transport Statement in this application isn't a true reflection of the accidents on this stretch of road. I have been hit in my car twice along the stretch near Standen, both times when I have seen cars coming in the other direction and have pulled over to a stop as close to the rocks at the side of the road. My daughter has been hit in her car and lost her wing mirror. I know incidents like this take place regularly, and certainly aren't included in the transport statement. I don't believe anyone on the planning committee should approve this application until they have driven along West Hoathly Road at various times of the day, to see the dangers on this road on a normal day. I believe if this goes ahead, there may well be fatalities on this road.
