Comment for planning application WSCC/004/20

Application number Name	WSCC/004/20 G Adams

Type of Comment	Objection
Comments	These roads are unsuitable for such large HGV's. The lads are already in a bad state and this will just make it worse. I am disabled and suffer with spinal problems so making the roads worse will badly affect me. The increase in housing in the area is badly needed but this is not. Our roads are already congested so why make things worse for a much less necessary project which does nothing to improve the town. If a ring road, yes, that old chestnut, was approved and built then this would help the traffic and I would not object to this planning application.
