Comment for planning application wSCC/004/20	
Application number	WSCC/004/20
Name	Kelly Firth
Address	HAMSEY ROAD, 11, HAMSEY ROAD, EAST GRINSTEAD, RH19 4PA
Type of Comment	Objection
Comments	I absolutely oppose the application for 62 HGV trips per day to go through Saint Hill Green and West Hoathly Road. As a resident of Sharpthorne, I use these roads at least 4 times a day, transporting my children to school, errands, appointments etc. West Hoathly Road is dangerous and not wide enough under normal circumstances, and if that many HGV trips are allowed daily, I dread to think of the congestion, and safety issues. There is a sharp blind bend going up towards Standen on West Hoathly Road and there is a hollow with no right of way signage or pull in points. I have had many near miss incidents and hold ups due to over sized and speeding vehicles travelling these roads, so I have no choice but to strongly oppose
