Comment for planning application WSCC/004/20

Application number	WSCC/004/20
Name	Stephen Murphy
Address	BLUEBELL CLOSE, 15, BLUEBELL CLOSE, EAST GRINSTEAD, RH19 1RS
Type of Comment	Objection
Comments	I object to this application because the truck traffic on Imberhorne lane will create the potential for accidents at the turners hill junction, outside Imberhorne school, at the new traffic shaping islands and also at the one way bridge, especially as you have an open road speed limit hitting a 30MPH limit which many drivers fail to observe, trucks doing this have the potential to cause carnage, aside from the damage to the already damaged road surface. The truck traffic needs to be directed out on to a road large enough to house them ASAP after leaving the farm and that would be the B2028. I also object to the extra diesel and noise pollution that the trucks will create as they pass down Imberhorne Lane. Neither intersections at each end of Imberhorne lane are built for this volume of truck traffic, add to that the A22 and A264 intersection currently being at 102% capacity you will end up with an over congested intersection causing problems into East Grinstead via the A22
