Comm	ient for planning application wscc/004/20
Application number	WSCC/004/20
Name	Marion Abbott
Address	KNOLE GROVE, 27, KNOLE GROVE, EAST GRINSTEAD, RH19 2AL
Type of Comment	Objection
Comments	These roads are narrow and in many areas there are no footpaths. The number of HGVs in the area has increased enormously in recent months with them travelling far too fast on the narrow roads The Imberhorne School area will become an accident hotspot and the danger to pupils will be immense. The main A22 heading into East Grinstead is already frequently gridlocked and the road structure suffers from enormous potholes particularly at the junction with Imberhorne Lane which have sub standard repairs leading to the need to be repaired again causing more congestion. Added to this the increased traffic from the two new housing developments at Felbridge and the gridlock at the junction with The Star and Crawley Down Road makes the whole area a nightmare to travel through.
