Comment for planning application WSCC/004/20

Application number	WSCC/004/20
Name	Claire Robbins
Address	STREATFIELD PLACE, 3, STREATFIELD PLACE, EAST GRINSTEAD, RH19 4RQ
Type of Comment	Objection
Comments	I am objecting to this application because these roads cannot support a constant stream of hgvs. I use these roads every day and know the issue caused by meeting the very occasional bus let alone huge tipper lorries. The road between Saint Hill Green and Standen is particularly narrow. What will happen when the bus meets one or three hgvs? Someone will have to reverse for a considerable distance. Can you really think that this is ok because it sounds like a recipe for disaster. Please do not allow this.
