Comments	Although this is a better route than the first one proposed, I would like to ask what traffic calming measures will be put in place at the crossroads at the end of Imberhorne lane, Turners Hill Road & Saint Hill Road. Visibility & speed at this junction is not good and there have been a number of serious accidents here. Given the size of these vehicles and their low speed from stop I can see vehicles coming from East Grinstead to Turners Hill getting into difficulty.
