Comment for planning application WSCC/004/20	
Application number	WSCC/004/20
Name	Helen Thompson
Address	LYNDHURST, MAYPOLE ROAD, MAYPOLE ROAD, EAST GRINSTEAD, RH19 1HL
Type of Comment	Objection
Comments	To whom it may concern I object to this application due to how busy the route proposed is. The traffic in this area is already dreadful with people parking along the imberhorne road and making it effectively a one way street. There are always lots of people crossing the road on the imberhorne estate and I believe HGV's passing through every 9 minutes would pose a serious risk to pedestrians. I do hope out of date traffic reports won't be supporting this application. Or ones done during periods when it is not reflective of normal traffic (I.e done during the Easter holidays or during lockdown) as they aren't reflective of that area. The junctions have poor visibility along this route and I urge you to reject this proposal. Helen Thomson
