Comment for planning application WSCC/004/20	
Application number	WSCC/004/20
Name	Robert Carver
Address	DICKINS, COOMBE HILL ROAD, COOMBE HILL ROAD, EAST GRINSTEAD, RH19 4LZ
Type of Comment	Objection
Comments	I object strongly to this proposal on the following grounds:- 1. The roads which lorries must use to carry in-fill material to Evergreen Farm are not wide enough for the high volume of journeys over an 80 week period 2. Dunnings Road is predominantly a residential road used by children attending Meads Primary School, Toybox Day Nursery, a Montessori School and Tobias School of Art Therapy. The area should be protected from heavy traffic and diesel fumes. Similar considerations apply to Herontye Drive and the residential roads it serves. 3. Coombe Hill Road is a private road maintained by the residents; large lorries should not use this road but I feel certain that a number of HGV drivers will use it; it is now narrower than it used to be. As a result of the pandemic this road is now used for taking exercise by non-residents particularly families with re-school age children and dogs. While the intentions of the applicants are laudable, I do believe the price to be paid East Grinstead residents is too high.
