Comment for planning application wSCC/019/20	
Application number	WSCC/019/20
Name	Mr Paul Richards
Address	DAWTREYS, BRACKEN LANE, BRACKEN LANE, PULBOROUGH, RH20 3HR
Type of Comment	Support
Comments	At the meeting of Shipley Parish Council held on 29th April 2020, Members supported the application. Members did pose the following queries namely:- 1. How many additional vehicle movements are planned given the increase in imported material? 2. Will the applicant charge for the proposed car park? If so, some Members were concerned that members of the public might seek free parking on adjacent verges causing damage and restricting traffic flow. 3. Will the proposed amphitheatre be used for concerts and/or performances? If so some Members were concerned that this would cause additional noise for local residents. 4. What are the traffic management plans to account for the increased amount of traffic now exiting/entering the site via the A272 at a location is very busy given the proximity of McDonald's and the junction with the A24. Some Members were concerned about the increased danger of additional turning vehicles.
