comment for planning application wscc/036/20	
Application number	WSCC/036/20
Name	Hector Keelan
Address	FORDWATER GARDENS, 1, FORDWATER GARDENS, ARUNDEL, BN18 0HU
Type of Comment	Objection
Comments	My wife and i object to this planning application for the following reasons: Yapton is a little village, already overloaded with building work, with NO forward supporting infrastructure. The traffic is overflowing through our one street and causes enough problems, at this time, with various trucks and cars going through. The junction onto the A259 cannot take any more traffic, it is causing too many problems now, never mind with the increase in heavy trucks. There is only one way into the site and the same way out, so this will be too much to cope with, adding to the already heavy traffic to and from the industrial site nearby. The local roads will not be able to cope with all the extra traffic, drains etc already overfow after rains. There is NO pedestrian or cycle path towards the T juntion on the A259. so added traffic will be a big problem for local walkers etc
