| Comments                                     | This will not only stink, but the output of waste chemicals put out into the atmosphere will be immense considering all of the new local building including a school. If you want more please check with WHO if you're wanting me to give to give you the information about pollutants please let me know as there's to many to make viable with all the planning for the local area. |
