Comments	I seriously object to something being built that will be such an eyesore on the landscape. We do not need anymore lorries travelling through our village especially now that the village has already been hit with a 2000 house increase. Have some respect for those that live here, put yourselves in our shoes would you want to live here with all what we are going through, we already struggle getting in and out of junctions leading to the village and this will make life ten times worse.
