Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Jo Gol
Address	1 CANAL COTTAGES, MAIN ROAD, MAIN ROAD, ARUNDEL, BN18 0EA
Type of Comment	Objection
Comments	This application is entirely unsuitable for a rural area and the supporting road /lanes network. The chimney alone will be the highest standing structure on the Sourmth Ciast. It will be viable from the top of the downs and the protected National park. The vehicle access is on a really busy road that leads to the notorious Comets corner. This in itself has had numerous fatalities since its inception. There is no other route suitable heavy goods vehicles for it to take . The traffic flow it should I say non flow is The other smaller roads around cannot accommodate further traffic already at breaking point. The building is totally huge and not within the guidelines of permitted development.
