Comments	This new proposed structure has no place where it has been proposed, the road infrastructure is NOT there, there is already too many HGVs along this route without the additional this will bring, there are already too many new builds in the area causing dust and pollution without an incinerator on top, this is a MASSIVE structure and will impact the local scenery! I moved from inner London to get away from smog and traffic, you seem to be trying to make this area a little London
