Comment for planning application WSCC/036/20

Comments	I want to register my opposition to the planning application WSCC/036/20. The fact that it has been put in at a time of lockdown shows the bad faith of the developer as there is insufficient time for the local people to become aware and respond. The development is grossly oversized and would dominate all the surrounding beautiful landmarks. Higher than Chichester cathedral (a sight I welcomed seeing every time I came down from London before I decided to settle down here permanently) it is an absolute eyesore, a blight on the area's natural beauty. Have you considered how many incomers will be put off by this development at a time when many Londoners are starting to relocate ? The amount of lorries on the road into Ford , already prone to tailbacks along a single lane would be crazy. The plume of steam would destroy the air quality for miles around and this in an area of outstanding natural beauty. This will become a political hot potato when election time comes you can be sure. I urge you to reject this development. Cheryl Freeman.
