Comments	Dear Sirs, I strongly object to the construction of this site. The chimney and waste are a terrifying prospect for all surrounding areas. The health impact is unknown, it will not be good. As a recently diagnosed heart failure patient, I am extremely worried at the prospect of living /remaining in my home if this is granted permission. This area dies not have the infrastructure to cope with the already out of control housing, let alone an incinerator plant. Why on earth would you agree to this monstrosity being erected so close to residents? It must not be granted. This will destroy this village, the traffic alone to build it, added to a crumbling road network, no viable alternative routes would be diabolical. Yours sincerely Claire Belcher
