

Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Stuart Smithers
Address	RODNEY CRESCENT, 12, RODNEY CRESCENT, ARUNDEL, BN18 0DB
Type of Comment	Objection
Comments	By virtue of the serious environmental concerns, the previous planning application just barely 'scraped through'. Those concerns increase in direct proportion to the size of the development. On that basis the current application, which is for a very much larger development, should be conclusively rejected
