Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Barry
Address	LEWIS LANE, 14, LEWIS LANE, ARUNDEL, BN18 0TY
Type of Comment	Objection
Comments	My objection is the height of the chimmney. The amount of lorries going into that site at the moment is huge and all thier waste blows out of thier lorries down the surrounding roads. We have TJ waste on the west side. Sounthcoast skips in the middle now viridor MRF plus this new waste burning facilitie. Its getting ridiculous now & they want to build 1600 houses on the air field can you imagine the complaints once this is up & running. Theres to many vehicles for this to happen. The air quality will drop and the locals will be breathing this in having long lasting effects especially those with copd. This should be somewhere else with less houses close by. The road networks are already overloaded round here plus not forgetting the additional 1600 house once their built. You leave me no option but to put my house up for sale due to Arun council greed and having a negative impact on our quality of life.
