Comments	The heath risks are already underestimated. Putting this so close to a national park and coastal towns you are putting not only your residents at risk of health issues but deterring tourism. Our towns on south coast are dying without any health risk and ugly sights to add to this. As a resident of Worthing, do I want a fall out from a waste tower, no. You are wanting to build this centre in residential areas. Try somewhere remote please, sounds like not on our doorstep, ok so please not on our doorstep. Please take this seriously and do not give consent. I love living in Worthing. Will I continue with such changes. Thank you for your consideration.
