Comm	tent for planning application wscc/036/20
Application number	WSCC/036/20
Name	Annabel Williams
Address	DOWNS WAY, 113, DOWNS WAY, LITTLEHAMPTON, BN16 1AD
Type of Comment	Objection
Comments	This massive incinerator with a chimney taller than Chichester cathedral is inappropriate for the rural area which include many pretty villages, a National Park and areas of Outstanding Natural Beauty. The facility will have the potential to spread pollution over a wide area containing towns and villages. I hope you will not allow this facility and look for a waste disposal solution that is more environmentally friendly and less damaging to the landscape. Please take into account the possible pollution that could affect many people's health.
