Type of Comment	Objection
Comments	Completely object building any more on the lad in Ford, Yapton, Walberton and surrounding areas. The air pollution is getting very smelly at time's, for someone who suffers with asthma will be no good. There are so many new houses being build and the traffic is absolutely ridiculous. We don't need one here. Stop building these new houses than no need for this plant. There are lots of empty properties everywhere. Use those to house people instead.
