Type of Comment	Objection
Comments	I object to this proposal on the grounds that for a populated residential area which is rapidly growing in housing and residents this building is wholly inappropriate. The dust and fumes this will create is at best unknown and at worst a health hazard to adults, 'children and the wider environment. In terms of transport the local transport infrastructure is at breaking point even before all the new homes due to be built are occupied this will exasperate the situation further. Whilst I appreciate these building need to be built, they need to be done considerably further away in more remote locations.
