Comm	ient for planning application wasce/030/20
Application number	WSCC/036/20
Name	Sue Collins
Address	56A, CHICHESTER ROAD, CHICHESTER ROAD, ARUNDEL, BN18 0AD
Type of Comment	Objection
Comments	I object to this totally unsuitable proposed development as the emissions would have an unknown impact from gas, smells and other noxious substances. The heavy goods traffic would have a disastrous impact. The proximity to existing and proposed residential housing would have a detrimental effect. Road access is totally unsuitable. Arundel is in an area of outstanding natural beauty (South Downs National park), where does a facility like this fit in???????NOWHERE!!!!!! Put it miles from anyone where it can't harm anything, if there is no alternative. We already have a smelly recycling plant, and we already have far too many lorries on our small and crowded roads and lanes. Please refuse permission on behalf of myself and my neighbours. Thank you.
