Comments	This will not only terribly effect a beautiful area it will add to the traffic and this is already at breaking point. Daily we see many near misses and huge lorries coming and going from this site during construction and after will only add to this. It is only a matter of time before there is a fatality. This area has been allowed to ravaged by building works, and this will not only be a huge blot on the landscape that will dominate for miles around. Many people in this area rely on tourism for there livelihood and this huge building blighting they area will not make visitors come to this area causing huge losses of income and will permanently ruin this area. I cannot believe that this has been allowed to even be proposed
