Comments	<input type="text" value="I am a resident of Ford and have been so for 27 years. Whilst I appreciate change happens and for the most part am happy to accept this, I feel that this proposal is one step too far. Since living here within a mile of my home address , a human waste disposal plant has been built along with a recycling factory. How much more industry do we have to endure in this area !!! Please note I am highly against having this facility in our already industrialised surroundings !"/>
