

# Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Martina White
Address	RODNEY CRESCENT, 2, RODNEY CRESCENT, ARUNDEL, BN18 0DB
Type of Comment	Objection
Comments	<p>I am horrified for the following reasons- why choose this beautiful rural area which supports a multitude of wild life and birds. The impact of the increased traffic will lead to untold noise, dust and more litter! Despite what you say, odour and fumes will increase. Already we have to close our windows to the smell from the recycling and Sewerage plant. Scientifically it is proven that although fumes and particles go up into the atmosphere, they eventually fall and this will be on the local residents. You don't live here and have not experienced what we're trying to tell you. This is a lovely quiet rural area with significant beauty and this will all be ruined, despite what you say with all your big words etc. In our opinion, we all feel that you will go ahead with this and asking us to lodge complaints is just a formality. I am 100% for recycling and would be happy to support this in an area where there is not going to be increased housing over the next few years. Right now if you walk up the road behind Rodney Crescent, the sides of the fields are littered with rubbish - seriously quite a bit, so can you guarantee that this will not happen? It's disgusting. The farmer ploughs his field with rubbish in it!!!! The houses in Rodney Crescent have history and like the airfield , you are going to destroy all of that and also damage any chance of people wanting to sell in the future as this puts a major blight on the price of the buildings and where they are situated. Traffic now has already increased and it's difficult to go for a walk without being in danger of large/ huge lorries bearing down on you. You're saying there is more to come- seriously?! Your plans are going to RUIN not make this a better place. The government have said this will need to go ahead and you will be under pressure to do so. Perhaps you will understand if you were to move here. PLEASE DO NOT LET THIS GO AHEAD - ITS A MISTAKE.</p>
