Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Richard Brennan
Address	19, WOOLDRIDGE WALK, CLIMPING, LITTLEHAMPTON, BN17 5TB
Type of Comment	Objection
Comments	Along with the HGV's and vehicles with the housing developments and extra waste coming into the waste plant there will be considerable more traffic effecting all the villages around Ford. There will be more pollution and wear on the already deteriorating roads. The idea is good but this sort of plant needs to accessed directly off a motorway or duel carriageways and not have HGV's effecting the villages around Ford and beyond. Thank You, R Brennan.
