confinent for planning application wscc/030/20	
Application number	WSCC/036/20
Name	Patricia Robinson
Address	CLEPINGES, YAPTON ROAD, YAPTON ROAD, LITTLEHAMPTON, BN17 5RU
Type of Comment	Objection
Comments	There are already planning applications for approximately two thousand houses in the Climping/Ford area, despite the lack of suitable infrastructure. A huge energy recovery facility planned to be built near existing and new homes will cause yet more pollution, destruction of wildlife habitats, and gridlock on surrounding narrow roads. This area is totally unsuited to such pressures. Surely the council has a duty of care to prevent a semi rural environment from being turned into an overcrowded and polluted nightmare? The size of the proposed plant is huge, how could such a planning application even be allowed? We live on a narrow stretch of Yapton road and have to put up with endless large lorries scraping past each other and crashing loudly into dips in the road surface. How on earth is Church lane expected to cope with a constant stream of HGVs if this goes ahead?
