Comm	nent for planning application WSCC/036/20
Application number	WSCC/036/20
Name	Bernadette Young
Address	30 the willows ford road ford
Type of Comment	Objection
Comments	very concerned, for many reasons. Dust/odour/fumes, traffic generation this is already an extremely busy road and HGV take no notice of the signs already in situ;,. The noise/ disturbance, what about the environment? for animals and habitats too?. We have beautiful locally listed buildings and historic features this proposal would not be in character with this area. So very concerned about all the emissions as we all should be.
