## Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20
Nume	Lorraine Milburn
Address	24 Downside End, Headington, Oxford, OX3 8JG
Type of Comment	Support
Comments	While I do not live in the local area, I would fully support this application. The development of the site will create new jobs and provide career opportunities in the local area, while also providing a much needed facility to treat waste responsibly by diverting non-recyclable waste from landfill and generating renewable energy. At a time when so many jobs are under threat, to see the potential to create new opportunities while supporting the move towards a greener environment, I feel this application must be granted.
