Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20
	Joanne Corkill
Address	TACKLEE ROAD, 38, TACKLEE ROAD, ARUNDEL, BN18 0HB
Type of Comment	Objection
Comments	Terrible idea to spoil the air and landscape of such a beautiful area. I moved from london to get away from such air pollution. I have been shielding by order of the government and am severe asthmatics clinically extremely vulnerable as are many in this beautiful south coast area. Elderly and young babies, the sick, the asthmatic, cystic fibrosis patients matter. And shouldn't have to be 3exposed. Especially when many bought in this area for the clean air. In particular with covid killing so many. Polluting the air would reduce the chances of survival for those at risk and the healthy alike. There is no way to be 100% clean in getting rid of this waste. Undoubtedly it will cause air pollution and effect lungs of those in the area. That's just not right. Would you want it next to you? Be honest if the answer is no 6then you must please fight against this being built here. Where we have a large elderly at risk population compared to other areas of the country. Kind regards Mrs Joanne Corkill
