Comments	I am writing to object against the size of the new proposed waste facility. Whilst I understand the need for a bigger site what with all the new housing in the area etc the idea of a monstrous tower blighting the landscape will be horrific! I have concerns also what will be omitted from this tower, my daughter has asthma and since the age of 1 has needed inhalers and during a bad spell has needed steroids yet during the lockdown period she has needed nothing to be this shows how the air quality improved, so understandable am now concerned about things returning to normal let alone a massive tower pumping whatever toxicity it likes in to our local airspace. The South Downs is such a stunning part of the country, Saxons, romans etc have left their mark on our beautiful part of the world, please don't allow this gigantic beast be this mark that our generation leaves behind.
