Comn	ient for planning application wscc/036/20
Application number	WSCC/036/20
Name	Michelle Marlow
Address	HOLMESDALE ROAD, 21, HOLMESDALE ROAD, BURGESS HILL, RH15 9JP
Type of Comment	Objection
Comments	We are alarmed at this application as this will increase traffic through a small village and semi rural location. The fumes from these kinds of incinerators travel huge distances and it will affect many homes in the area. It will dertimentally affect many peoples health- causing some to move. We were planning to possibly move to the area from Burgess Hill, and will no longer be able to do so if this is successful. I have multiple chemical sensitivity- this has the potential to make me very sick. Which would result in me being a burden on local services. Many people with breathing difficulties will be affected including those who contract covid 19.
