Comment for planning application WSCC/036/20

Application WS number	SCC/036/20
Name Da	avid Underwood
Address 2 T	The Hamlet, Waterford Gardens, Climping, BN17 5RY
Type of Ot Comment	bjection
We sur anr kno froi etc ina tha froi the to t cor inc ren	This development would involve hundreds more HGV journeys each day, some from well outside the est Sussex area. 2. The roads in the Climping Village area are unsuited to this type traffic. The road rfaces are constantly breaking up with the HGV's being the obvious culprits. This is particularly moying as there have been increases of HGV traffic and time after time it is increased, goodness lows what it is outcome will be eventually. The final insult is that the plant is due to process rubbish on well outside our county, which only leads to spoil our beautiful village. 3. The physical size, height c, is out of character to the low rise buildings in our environment. In my opinion this would be appropriate. 4. I am also concerned about emissions from the intended plant. Can we be assured at the health of us residents, and our families visiting us, will not be harmed. Not a stones throw om the site is HMP Ford where upward of five hundred prisoners are kept in custody, together with e prison staff, trainers and visitors. There is also a likelihood of 1,500 dwellings being built very close the site. There is also arable land adjacent to the development and this is clearly unhealthy. 5. What ntingency plans are being formulated for evacuation, public safety etc, in the event of a major cident. This is particularly significant with regard to the evacuation of 500+ prisoners. It should be membered that there was a major riot at HMP Ford a few years ago. In conclusion I believe that this an inappropriate site for a plant of this size, scale and type of operation.
