## Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	JAMES O'CONNELL
Address	14 Foxholes Weybridge Kt130BN
Type of Comment	Support
Comments	To whom it may concern, I am in support of this proposal to construct a facility. For energy recovery, and for waste sorting. Diverting waste from landfill to a new state of the art facility, would have a massive impact on reducing carbon and greenhouse emissions into the atmosphere. This facility would create clean energy and would help in the climate change. The energy created would reduce the need of other energy resources. The recovery of sorting recycled waste will benefit the need to stop wasting valuable materials. This new facility will create 80 full time jobs, ensuring long employment.
