Comm	ient for planning application wscc/036/20
Application number	WSCC/036/20
Name	Polly Dutton
Address	THE COTTAGE, BRIDLE LANE, BRIDLE LANE, ARUNDEL, BN18 0NA
Type of Comment	Objection
Comments	I would like to register the strongest possible objection to this project. The location is totally inappropriate for such industry as it is located so close to a residential area and just outside the South Downs National Park. Apart from the appalling visual impact of this project the pollution that will be created from the chimney will undermine the health of everyone living in the area. The implications for the increase in heavy traffic will be far reaching; damage to roads, increased heavy traffic and inevitable pollution.
