Comments	How can this be even contemplated in such a beautiful area of the country! This is out of order! The traffic alone will cause problems, it's bad enough now, let alone more trucks on the road! What happened to our aims and goals for the environment? This is against everything that the country was supposedly aiming to improve! Words are not enough to express the feelings we have over this proposed measure! Just don't go ahead with it! Find an obscure area where this will not impact on the lives of human beings and wildlife! I am expecting from you, as human beings, that you would know better than allowing this plan to go ahead! I am counting on you, to do the right thing and leave well alone!
