Name	Christine Fossett
Address	BEAGLE DRIVE, 4, BEAGLE DRIVE, ARUNDEL, BN18 0NY
Type of Comment	Comment
Comments	I object to this proposal it looks like a hidious monstrosity of a building polluting our air and countryside, of course the west suusex council would agree they are in Horsham not here in ford. Do we really need to pollute our air anymore we already have a prison a recycle plant and a sewage plant, and several factory estates, we already have to contend with ever increasing lorry movement. How much more of our lovely countryside will you take lets stop now. I do not want to be breathing in toxic fumes when the wind is in our direction. I am surprised the tennants at Arundel Castle have not complained. Please rethink and say NO.
