Comn	nent for planning application wSCC/036/20
Application number	WSCC/036/20

Address	BARNHAM ROAD, 132, BARNHAM ROAD, BOGNOR REGIS, PO22 0EH
Type of Comment	Objection
Comments	This proposal is completely at odds with the surrounding landscape. The landscape from Arundel and the South Downs towards the coast in this area is very flat and predominantly rural, and constructing something this tall and starkly contrasting to the existing buildings and landscape would be shocking and a blight on a very beautiful and comparatively undeveloped area. There is nothing even remotely this size in this area, so it would be extremely visible across a great distance due to the local landscape and it is generally a rather insensitive proposal.
