## Comment for planning application WSCC/036/20

Application number	WSCC/036/20
Name	Mary Miles
Address	BRADLOND CLOSE, 2, BRADLOND CLOSE, BOGNOR REGIS, PO21 2RQ
Type of Comment	Objection
Comments	I live in Bognor Regis and work in Littlehampton and as an amateur artist I frequently draw and sketch the landscape in the area of Clymping, Ford and Arundel. The proposed development is of a scale that is vastly out of keeping with the local landscape, which is in one of the most unspoilt areas of the south coast, close to the edge of the South Downs National Park. Because I am asthmatic I am very sensitive to any form of air pollution. The proposed development will detrimentally affect air quality in the surrounding area. The proposed plant is likely to release toxic chemicals - even if they are in small quantities the potential long-term effects of these chemicals on people, especially children, and wildlife in the region is not adequately understood. I object to this development for the above reasons. Moreover, it feels wrong and possibly underhand to try to slip this planning request through at a time when the population's attention is focused on the current crisis caused by the Covid-19 pandemic.
