Comment for planning application WSCC/036/20

Application number Name	WSCC/036/20 Louise
Address	BEAGLE DRIVE, 18, BEAGLE DRIVE, ARUNDEL, BN18 0NY
Type of Comment	Objection
Comments	Size and Scale of the building is visually unsympathetic to the character of the rural landscape and surrounding villages. No building of this magnitude is nearby and will be seen from all public vantage points (including the South Downs). Why does this have to accommodate waste from neighbouring counties, East Sussex, Hampshire and Surrey?? Why has the original permission not been implemented? Landscape impact -The South Downs National Park is nearby. The main purpose of the National Park is to conserve and enhance the natural beauty, wildlife and cultural heritage of the area. This 'blot' on the landscape would impact the views to and from the National Park and surrounding areas. The close proximity to the adjacent residential area and the impact it would have on the people living here. Concerns over the health aspects to residents. Traffic -This would result in an increase in traffic on an already overloaded road network. This seems to be more of a money making scheme without any thought to the location and the residents who will have to live with this eyesore.
