Comn	nent for planning application WSCC/036/20
Application number	WSCC/036/20
Name	Nicola
Address	76 Norfolk Gardens Littlehampton
Type of Comment	Objection
Comments	I'm objecting to this new application. The facility is much too large and will be a visual blight on the area. The prevailing winds will blow any noxious output from the chimney in the direction of Arundel and Wick. (The residents of Wick already have a less privileged profile than many of the surrounding areas. This will not mitigate it.) The roads in the area are not wide and straight enough to cope with many more heavy lorries and trucks. It will not enhance the lives of families living in close proximity to the building
