Application number	WSCC/036/20
Name	Chris Kirk
Address	PENFOLDS PLACE, 15, PENFOLDS PLACE, ARUNDEL, BN18 9SA
Type of Comment	Objection
Comments	The road infrastructure in the vicinity of the site is inadequate for the volume of trucks that will use it. The roads in question being, inter alia, the A259 , the B2132 and the Ford Road between Arundel and Climping. The waste gases ejected from the plant will cause air pollution across a wide area and impact the view of the coastline from the South Downs
