Comments	<input type="text" value="We've had a letter from Ford Parish Council about this waste site in our village. I understand that waste has to be managed, but I have a number of concerns. One is the impact of the 120 lorries that will visit our village each day. Another is the impact on our health and the health of the natural environment from the poisonous emissions. From the current waste site at Ford, we have experienced poor air quality on a regular basis - unpleasant smells, etc."/>
