

Comment for planning application WSCC/036/20

Application number WSCC/036/20

Name John Gimson

Address TORTON HILL ROAD, 58, TORTON HILL ROAD, ARUNDEL, BN18 9HH

Type of Comment Objection

Comments the timing of this decision is wrong. there are too many other structural developments taking place in the vicinity with 1,500 new homes on a new estate and the impact of the new A27 bypass to consider. Both of these will have severe impact on the local community which is not prepared for this additional type of industrial use change. In addition to the potential atmospheric pollution potentials (which with the prevailing winds will carry into Littlehampton and Rustington , there are visual impacts that cannot be hidden by fast growing trees. That there has been no public exhibition of design as a result of the Covid Pandemic dos not excuse a rushed decision making now.
