Comm	nent for planning application WSCC/036/20
Application number	WSCC/036/20
Name	Philip Wagner
Address	LITTLE CROOKTHORNE, BROOKPIT LANE, BROOKPIT LANE, LITTLEHAMPTON, BN17 5QU
Type of Comment	Objection
Comments	This development will generate large amounts of additional HGV traffic in Church Lane and the roundabout at the A259, which are already badly affected by waste management traffic. The height and bulk of the proposed building are incredibly out of scale for this flat area, and will be visible from everywhere around, especially from the Downs and the Climping Gap. It will be impossible to conceal by trees etc. The building will be very near to current and proposed housing, totally unacceptable. This proposal would be another nail in the coffin for Climping and should be vigorously refused.
